For those of you who attended CFUnited Europe last month in London, you probably remember during Tuesdays evening event [Simon Horwith](#) bought a round of drinks for all the attendees on behalf of his company [Nylon Technology](#). We wanted to thank Simon and Nylon Technology for the generous gesture, you guys really added to the excitement at the evening event!

Nylon Technology is a web development agency based in New York, specializing in web-based software projects including custom website, intranet, extranet, cd-rom, content management and database solutions. They are also looking for developers, so if your interested visit <http://www.nylontechnology.com/jobs.cfm> for more information.
